Citizens first!

Ideas for Improving and Extending the European Citizens' Initiative

- [FOLLOW THE EVENT LIVE](#)

PRESENTATION

This one-day conference will look at the first year of the European Citizens' Initiative (ECI) and discuss how citizens and organisations could use this instrument more effectively as well as options of further development of citizen participation in Europe. The focus will be on the strengthening of the ECI as tool of participative democracy and on the empowerment of ECI organisers: what can the EU institutions do, what can citizens and NGOs do to make campaigns better prepared, better funded and more visible? How to find the right issues for ECIs and how to achieve broad debates? Based on that, the hosts of the conference MEPs Gerald Häfner, Sandrine Belier and Isabelle Durant want to look beyond the current limitation of the ECI and ask how we shall proceed to strengthen instruments of citizen participation in EU matters.
