On the environment, climate, biodiversity, social rights, animal welfare and agricultural policy we have been working together for years and now we are pleased to fight these battles together."

"We want to build a Europe that is more open and more transparent. European citizens should take part in the political process. We are convinced that we can make a difference in the Greens/EFA group, we share the positions but we also share the values of gender equality, dialogue and team work."

Philippe Lamberts MEP, President of the Greens/EFA group in the European Parliament, comments:

"It is a happy day in Brussels. We are very pleased to welcome four new members and from one of Europe's founding countries. With our new members we have long had a friendship where we have been voting together and working together. We've been standing shoulder to shoulder on many issues and now we will continue as one team. We hope that today will help spur on the Green Wave in Italy that we have seen in other parts of Europe."
