Reform of the European Agricultural Policy

Now or never!

The new CAP must be fair, green, young, democratic, healthy and easy, - or it will not be.

The old CAP is already dead. It is unfair, unsustainable, sclerotic, undemocratic, unhealthy and bureaucratic. Not reforming the CAP would be a fundamental blow to European identity and solidarity, whilst playing into the hands of nationalist politicians.

European farmers and citizens are rediscovering the value of food and the values of solidarity. This requires organising sustainable farm and food networks and citizens' initiatives.

CAP reform is NOW - or never.
